

# SPECIAL NEEDS ACCESSIBILITY COMMITTEE HOME GROUP LIASION

## CARRY THE MESSAGE TO HOME GROUP A.A. MEMBERS THAT BECOME ILL

The best and most current information regarding an  
A.A. friend becoming ill, comes from within the Home Group.

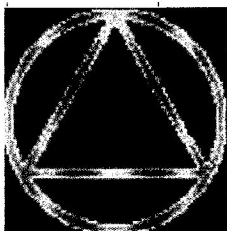

---

**What would they do?** Collect a list of those willing to take a meeting to a A.A. Home Group member that becomes ill; is in the hospital; or, can't get to a meeting due to an illness.

**How?** When someone becomes ill \* inform the Liaison with the persons name, phone#. \*The Liaison will contact the person to find the best time to visit. \*Then the Liaison calls those on list willing to take them a meeting. (not a visit, a meeting)

If you become ill and can't get to meetings...  
Then your A.A. family brings you a meeting...  
It's like getting a million hugs knowing...  
Your prayers have been answered.

*If you'd like someone to talk w/your Group about
